ANNUAL REPORT

OF THE

TRUSTEES AND OTHER OFFICERS

OF THE

Village of Rutland,

1880.

RUTLAND:
TUTTLE & CO., PRINTERS,
1880.

REPORT

OF THE

BOARD OF VILLAGE TRUSTEES.

To the Voters of the Village of Rutland:

Your Trustees present the following report:—During the past year we have endeavored to keep the expenses of the village as low as possible, yet we have exceeded our appropriation as to highway tax by a small amount, though the deficit is not as large as it has been for the last few years, and this year we would have kept within our limits, notwithstanding the quantity of work that has been done, had it not been for the large amount of taxes which have been abated. The rapid growth of the village during the past year or two has compelled your Trustees to do much work in wards which have heretofore been greatly neglected.

The constant travel and traffic upon the different roads and avenues leading to the Scale Works made it necessary to put these thoroughfares in the very best possible condition; while the expense attending this work has been considerable the rapid development of this part of the village has made it desirable that the work should be thoroughly and well done. Although much labor has been expended in the south part of the village the other thoroughfares have been by no means neglected. All the streets and walks have been gravelled and worked as

necessity required, and we think they are in very good condition considering the fact that many of them were necessarily torn up by the laying of the new water pipes.

SEWERAGE.

The old main sewer which was so insufficient for the needs of the village and which has already cost the village quite an amount in the way of law suits, has been replaced as the village voted, by a much larger one which has been very thoroughly and well constructed.

The suit brought by Barney Winn against the village for alleged damages from the sewer, after being carried to the Supreme Court, was decided adversely to the village in the sum of $696.30. A suit of Catherine Winn has been decided against the village by the last County Court, and your Trustees have paid the judgment of $395.85 without carrying it to the Supreme Court, believing that the decision would not be changed by that court. These two suits could have been settled a year ago for $300, but the board that year preferred to try them.

Six suits were brought by Pat. Lynch against the village for damages arising from this same old sewer. The chances of recovery in these suits were much better than in the Winn cases, three deaths having occured in plaintiff's family from the gases of this sewer. Your Trustees having the opportunity, after advice from our legal counsellor settled the six suits for $1,076.50.

The condition of the so-called Cherry St. sewer was such that your Trustees feared that unless some action was taken in regard to it, heavy damages would be claimed against the village by the residents of that vicinity. We decided, therefore, after advice from competent citizens, without waiting for the vote of the village, to use the old main sewer pipes as far as they would go and to carry this sewer as far as we could. This sewer was extended through Franklin and Granger Sts., and it should now be completed by extending across River St. It is especially desirable that this sewer should be completed,

since the new streets recently laid out by the selectmen in this portion of the village, the railroad shops and all the other buildings in this vicinity, must all depend upon this sewer for drainage. The expense of completing it, so that it will perfectly drain every portion of this part of the village, will not exceed $1,000, and your Trustees recommend that it be finished at once. If this sewer is completed we believe that the highway money in the future will take care of all sewers in the village. A sewer which was badly needed has been laid at the north end of Main St., and the sewer at the south end which was partially completed last year has been finished. Several smaller sewers have also been laid as necessity required.

Finding that the Telephone was quite largely and successfully used in other places, your Trustees, with the advice of many of our prominent citizens, hired twelve for one year for the use of the Fire Department. We would recommend that by the aid of the Telephones a much more perfect system of signals in case of fire, be adopted, as the efficiency of the department will be much increased by their use.

Your Trustees, believing that the Parks of the village which add so much to its beauty should not be neglected, have expended some money upon them. In all the Main St. Parks gravel walks have been laid, and in the Depot Park through which there is so much travel, a fine wide marble walk has been placed. The common at the south end of Main St., which has for so long been an eye sore and disgrace to that part of the village, has been fenced in a manner to correspond with the other parks of the village, the citizens having pledged themselves to beautify it by setting out trees at their own expense.

The following is a statement of the amount of the village, sewer and highway tax, showing the abatements:

Village tax,	1879, ...	$9,075 28
Village sewer,	"	9,075 27

Highway tax, "		4,627 64
Total tax,.....		$22,778 19
Abated on list 1879,.....	$1,541 74	
" " 1877–78,.....	44 27	
" " doubtful " on list 1878,.....	16 80	
		1,602 81
		$21,175 38
3 per cent.,.....		635 26
		$20,540 12

The expense for building the main sewer, including surveys, covering land damage, etc., is..... ....$11,672 18
For extending the Cherry street sewer.... ..... 1,532 45
For building the Main street sewer..... . 522 84

$13,727 49

By reference to the Auditor's report you will find the presen indebtedness of the village to be $10,280 51. By referring to the water and sewer report you will find the greater part of this is chargable to these accounts, leaving the present in debtedness, aside from water and sewer accounts, about the same as last year.

The following suits are now pending:—

Mattie Kelley, for sickness claimed to be caused by sewer.

Tim Hurley, for damages by sewer on Mineral street.

Cain and wife, for water damages.

Aqueduct Compay, post holders, for water damages.

Mike Lynch, two suits, sewer; claims damages on account o sickness.

Your Trustees recommend that a change be made in the location of the hose companies.

We estimate for expenses for the coming year as follows:—

Gas	$1,200 00
Fire Department	1,300 00
Current expenses	2,500 00
	$5,000 00

We recommend a village tax of forty cents, and some provision must be made for the payment of the sewer indebtedness.

Following will be found a list of all orders drawn by your Trustees during the past year, and other items of interest.

Respectfully submitted,

By order of the Board,

H. L. VERDER,

Clerk.

RUTLAND, VT., April, 1880.

ORDERS DRAWN BY VILLAGE TRUSTEES,

For the Year Ending April, 1880.

W. C. LANDON,
J. M. DAVIS,
N. L. DAVIS,
} Water Commissioners.

Rutland, April 21, 1880.

REPORT

OF THE

Committee on Water Supply.

To the Village of Rutland:

Your committee report that the work of laying the distribution pipes from the reservoir through the village was completed according to the plans proposed, and at an expense within the original estimates The completion of this work with that of the previous year, will furnish the village for many years to come with an abundant supply of pure water.

The work is now in fine condition, both for the daily use of the inhabitants and also furnishing abundant facilities for the extinguishment of fires, for which purpose thirty-one double hylrants conveniently located, giving great force and volume of water far exceeding in efficiency the best fire engines, have been placed.

We have laid pipe of the length and size as follows:

2 feet	16 inch.
2 feet	10 inch.
8,257 40-100 feet	12 inch.
1,371 feet	8 inch.
10,230 feet	6 inch.
701 feet	4 inch.

Making a total length of pipe laid of 20,563 40-100 feet.

We have set 5 12-inch, 2 8-inch, 24 6-inch and one 4 inch valves, so located that any section of the line may be shut off for repairs without interfering with the use of the water in any other section. We have also connected with the old line on Main, Court Street and Merchants' Row.

The total amount paid on the contract with Sherman & Flagler, is	$18,033 75
For extras, not included in the contract,.....	39 47
Paid for inspection and superintendence of work,	150 00
	$18,223 22

There was left a quantity of pipe and lead at the close of the work which was at a very low rate purchased and turned over to the water commissioners. The price paid for the whole was $865.69. The material was necessary for them the have and was worth in the market at the time of purchase at least 40 per cent. above the cost of the same.

It is a matter of congratulation that so important, permanent and useful work has been accomplished in so thorough a manner and at so little cost.

Respectfully submitted,

JOHN B. PAGE,
M. G. EVERTS,
J. M. DAVIS,
W. C. LANDON,
N. L. DAVIS,
ROCKWOOD BARRETT,
THOMAS ROSS.

HENRY F. FIELD, *Treasurer.*

Rutland, Vt., April 21, 1880.

AUDITOR'S REPORT.

To the Village of Rutland:

Your Auditor respectfully submits the following statement of your finances.

After deducting abatements and collector's fees, the village tax, on list of 1879, was $8,204 40
The highway tax,..... 4,193 40
The special sewer tax,..... 8,203 39

$20,601 19

Orders have been drawn by the Trustees for the past year and expended as follows:

On highways,..... $4,782 18
For fire department, ... 1,484 92
For miscellaneous purposes,..... 5,319 22
In settlement of suits against village,..... 2,168 65
For construction of sewers,..... 13,727 47

Total amount, except on water fund,..... $27,482 44
Orders drawn on water fund,..... 22,161 99

$49,644 43

The different classification of some items in my report will account for an apparent discrepancy, when compared with the reports of Trustees and Treasurer, but the total footings will be found to agree. Orders for miscellaneous purposes include some bills contracted by previous boards of Trustees. For particulars you are referred to the list of orders drawn by Trustees.

BONDED DEBT.

Reservoir bonds, 6s, due July, 1880,.....	$5,000 00
" " " 1881,.....	5,000 00
" " " 1884,.....	5,000 00
" " " 1885,.....	5,000 00
Funding bonds, 5s, Jan., 1899,.....	13,500 00
Water supply bonds 5s, due July, 1893,...	25,000 00
" " " Jan. 1897,.....	6,000 00
" " " July, 1899,..... ..	18,000 00
Total water bonds,.....	$82,500 00

$2,500 funding bonds reported last year as unsold, and in the hands of the Treasurer, have been cancelled and destroyed. $18,000 of 4½ per cent. bonds, prepared by the Trustees, but not sold, have also been destroyed by your Auditor.

ESTIMATE FOR WATER DEPARTMENT, 1880–81.

LIABILITIES.

Trustees' orders for construction of water works outstanding,.....	$1,746 48	
Interest due on bonds, July, 1880,.....	2,762 50	
" " Jan., 1881,.....	1,562 50	
Bonds maturing July, 1880,.....	5,000 00	
Past due coupons.....	50 00	
		$11,121 48

RECEIPTS.

Income from water rents over ordinary repairs,.....	$7,000 00	
Cash in hands of commissioners,.....	34 30	
Water rents in treasury,.....	178 94	
Estimated value of unpaid water rents,	2,000 00	
Unexpended balance in treasury, being proceeds from the sale of bonds,..	515 37	
		9,728 61
Estimated amount to be provided for,.....		$1,392 87

In this statement it is assumed that the Water Department should take care of itself, and that any balance of funds in the treasury realized from the sale of water bonds should be transferred to the water rents account, and that unpaid construction orders should be paid from that fund. A vote of the village will be necessary, directing the Treasurer and the Water Commissioners to carry this into effect.

Orders have been drawn by the Trustees upon the fund provided for the new water supply to the amount of $649.89, covering bills which have not received the approval of the water supply committee, and which your auditor considers should be paid as miscellaneous orders, unless otherwise directed by the village. These orders have reduced the unexpended balance in the treasury to the sum above stated. For explanation you are referred to the report of the Trustees. It may be necessary to refund or arrange to extend the payment of $2,500 of the bonds due July, 1880, as the assets may not be available in time to meet liabilities. The bonds issued were not quite sufficient to cover the construction account of the new water works—thus causing a slight deficit in the finances of the water department for the current year.

OTHER LIABILITIES OF THE VILLAGE.

Trustees' orders outstanding, old.....	$7,568 42	
" " " new....	6,073 05	
		$13,641 47

ASSETS.

Taxes with collector.....	936 01	
		$3,360 96
Liabilities over assets.....		$10,280 51
Trustees' estimate of expenses for current year...		5,000 00
Amount to be provided for.....		$15,280 51

I am informed by the Trustees that there are no unsettled bills against the village except one for legal services rendered by Joel C. Baker and some expenditures on walks, etc., made during the present month.

To pay up the indebtedness of the village and provide $5,000 for the expenses of the ensuing year will require a tax of 95 per cent. on the list of 1880.

R. BARRETT, *Auditor.*

Rutland, April 22, 1880.

Engineer's Report.

To the Trustees and Voters of the Town of Rutland:

The undersigned, Chief Engineer of the Fire Department of the Village of Rutland, agreeably to the provisions of section 4 of "An ordinance establishing a Fire Department," herewith submits his annual report of the property belonging to the Department, the condition thereof, the losses by fire, and causes thereof, and insurance thereon, "so far as they may be ascertained," etc., as required by said ordinance.

FIRES.

During the past year the Department has been called to, and rendered services at fires, as follows:

1879.

May 10. Alarm; Mrs. Sullivan's chimney, West street.

" " Alarm; Cramton's Block, Merchant's Row; smoke from furnace.

Sept. 3. Mrs. F. A. Shattuck's house, Elm St.; total loss; insured, $1,000; occupied by T. Peck; furniture partial loss; insured; caught from chimney.

Oct. 6. John Travers' house, Meadow St.; total loss; house and furniture insured, $836; accidental.

" 7. Patrick Riley's house and barn, Green St.; total loss house insured, $600, barn, $100; cause, defect in chimney.

" " S. W. Jewett's barn, East St.; insured; total loss; caught from Riley's barn.

Nov. 24. Bates & Son's store, Center St.; occupied by John Q. Ryan, stoves and tin ware; loss on building, $300; insured, $200; loss on stock and tools ——; insured $2,300; cause, accidental.

1880.

Jan. 3. Darby McDonough's, South St.; house and shed; consumed; insured, $875; cause, defect in chimney.

" " Engine house No. 1, Center St.; loss, $100; insured; accidental.

Jan. 6. Alarm; J. Engrem's house, West St.; no loss; cause, breaking of kerosene lamp.

" 29. Miss Mary Edgerton's house, West St.; loss ——; insured, ——; cause, defect in running pipe through floor.

Feb. 2. Alarm; Hirschfield's Clothing Store, Center St.; no loss; cause incendiary; fire started between ceiling and floor in basement.

" 24. F. Chaffee's store house and smoke room, Strong's avenue; loss, $100; no insurance; cause, learning the boys how to smoke hams.

Apr. 9. Alarm; Nonpareil Block, Center St.; no loss; cause, throwing hot ashes on shavings.

I present herewith a statement of the property in charge of each company; also the location of hydrants, and list of the officers and members of each company.

W. C. LANDON,
Chief of Fire Department.

Rutland, Vt., April 22, 1880.

ANNUAL REPORT

OF THE

TRUSTEES AND OTHER OFFICERS

OF THE

VILLAGE OF RUTLAND

1881.

RUTLAND:
TUTTLE & CO., PRINTERS,
1881.

There were several suits against the Village pending in the County Court when the present Board came into office, known as the sewer suits. All of these suits have been settled by the Board of Trustees, to wit: the Mattie Kelly suit, the Timothy Hurley suit, and the four Lynch suits, together with two new suits commenced by the Lynch family, making in all eight suits. These are all the sewer suits against the Village excepting one suit brought by C. G. Townsend, which is still in court.

The sewers of the Village are all in good order with some few exceptions, and we do not apprehend any more trouble from suits in consequence of bad sewerage. Some extensions are needed to the present sewers.

We have obtained a measurement of the streets of the Village, and find that the highways embrace 16. 19-100 miles, not including the new street from Pine to the Work House.

If there could be a good map of the streets made, which should include an outline of the water mains, it would be very desirable for the use of the Trustees, Street Commissioner and Water Commissioners.

Referring to vote of the Village, at the meeting held February 23, 1881, requesting the Trustees to report at the annual meeting the cost of a "fire alarm telegraph," they respectfully report: That they find by correspondence with the Mayor of the city of Burlington, and with the fire alarm telegraph company, that for the Village of Rutland it would require one striker, six main batteries, and ten signal boxes or stations. The indicators to be located in the several hose houses; the one striker attached, say to the bell of the Congregational Church, gives the alarm, which is simultaneously struck at all the stations; the indicators at the hose houses show the number of the box from which the alarm is first given.

With the present limits of the Village, it is thought the

above named number of signal boxes would be sufficient, the cost of which would be $2,000.

So far as the Trustees are able to learn, opinion is divided in Burlington as to its value.

GEO. A. MERRILL, *for Trustees.*

Your Auditor respectfully submits the following report: Deducting abatements and collection fees, the

Village tax on list of 1880 was	$11,886 90
Highway " " "	4,126 40
	$16,013 30

EXPENDED BY TRUSTEES.

For Highways, 1880–1, ...		$3,901 71
Fire Department 1880–1, ...	988 24	
Miscellaneous purposes 1880–1, ..	3,631 75	
		$4,619 99
Orders drawn for old indebtedness		4,330 02
" " in settlement of law suits		357 23
" " for water extension account		114 65
		$13,323 60

BONDED DEBT.

Reservoir Bonds 6s, due July 1880	$3,300 00
" " " " 1881	5,000 00
" " " " 1884	5,000 00
" " " " 1885	5,000 00
Funding Bonds 5s, due Jan. 1899	13,500 00
Water Supply Bonds 5s, due July 1893	25,000 00
" " " " " Jan. 1897	6,000 00
" " " " " July 1899	18,000 00
Total Water Bonds	$80,800 00

ESTIMATE FOR WATER DEPARTMENT 1881–2.

LIABILITIES.

Bonds due July 1880, extended....	$3,300 00	
Interest on same.....	171 00	
Bonds maturing July 1881.....	5,000 00	
Interest coupons due July 1881.....	2,462 50	
" " " January 1882...	1,562 50	
Water Commissioners' bills unpaid...	1,200 00	
Balance Water Ext. acct. overdrawn.	723 02	
		$14,419 02

RECEIPTS.

Net income of rents over ordi'y repairs	8,000 00	
Cash in hands of Commissioners	42 84	
" in Treasury	85 24	
Estimated value of unpaid water rents	2,000 00	
		$10,128 08
		$4,290 94
To which may be added the estimated expense of new inlet work and a necessary extension of water pipes into streets not now supplied, as stated by the Commissioners,...		10,000 00
Amount to be provided for		$14,290 94

To meet expenses and pay maturing bonds, may require the issue of new bonds to an amount not exceeding $15,000. A bill of $247 07 for hydrants has been paid from the general fund, and included in the miscellaneous orders drawn by the trustees. This may be considered as belonging to the Water Department. It is a subject for the consideration of the Village whether such expenditures should not be paid from the water fund, and a specified sum paid annually into the water fund from money raised by taxes, so as to cover the expenses incident to the use of water for fire purposes.

I would again call the attention of the Village to the manner of collecting water rents, involving a loss of from

$500 to $800 a year, exclusive of interest. If payment, strictly in advance, was required before furnishing water, there would be no arrearages.

OTHER LIABILITIES OF THE VILLAGE.

Trustees' orders outstanding, old.	$10,205 15	
" " " new.	1,608 96	
		$11,814 11

ASSETS.

Cash in treasury.....	$1,841 91	
Should be repaid from water rents	723 02	
Taxes with Collector.....	780 75	
		$3,345 68
Liabilities over assets		$8,468 43
Etimating expenses for currant year at		5,000 00
Amount to be provided for.....		$13,468 43

It will be noticed that the liabilities of the Village over its assets, comparing the present report with that of last year, have been reduced $1,812 08. In addition to this amount the item of old indebtedness $4,330 02, and the item for settlement of law suits, $357 23, are now included in this report. This would give $6,499 33 as the real reduction of the outstanding indebtedness of the Village, exclusive of the Water Department.

It is the opinion of your Auditor, from investigations he has made, that the present report of the liabilities of the Village will prove to be more reliable than that of previous years. It apparently has been the aim of the present board of Trustees to settle up all old business and not leave it as a legacy for future Trustees.

R. BARRETT, Auditor.

Rutland, Vt., April 21, 1881.

Engineer's Report.

To the Trustees and Voters of the Town of Rutland:

The undersigned, Chief Engineer of the Fire Department of the Village of Rutland, agreeably to the provisions of section 4 of "An ordinance establishing a Fire Department," herewith submits his annual report of the property belonging to the Department, the condition thereof, the losses by fire, and causes thereof, and insurance thereon, "so far as they may be ascertained," etc., as required by said ordinance.

FIRES.

During the past year the Department has been called to, and rendered services at fires, as follows :

1880.

July 4. Robert Stewart, Center St., 11:30 p. m. Loss on building, $100 ; on stock, $55 ; covered by insurance ; cause, supposed incendiary.

Aug. 10. John Barrett, Green St., 5:30 p. m., barn. Loss on barn and contents, $200 ; insured, $50.

Nov. 9. Alarm, small stack of hay, 4 p. m., Forest St.

1881.

Jan. 29. Nims blacksmith shop, 12:15 a. m., Woodstock Avenue. Loss, small ; supposed to be incendiary.

Feb. 9. Mansfield & Stimson, machine shop. Loss, $2,000 ; no insurance : cause, accidental.

Feb. 12. Alarm, L. Valiquette's shoe shop, 12:30 a. m. No damage ; cause, smoking.

Mar. 3. J. & T. Caden, tenement house, West St, 5 a. m. Loss, total ; insured, $700.

" 5. James Kennedy and Mrs. Lalor, 2:10 a. m., double brick house on Green St. Total loss ; insured : supposed accidental.

" 18. Patrick Lynch, Meadow St. Total loss ; furniture and house insured for $900 ; cause, caught from chimney.

" 22. Pierpoint's wood building, Center St., occupied by Webster bakery, $300, Perkins photograph gallery and millnery store, $200 loss. Building insured, $600.

Apr. 7. Central Vt. R. R., car house, 3 a. m. Loss, slight.

I would recommend the purchase of 1,200 feet of new hose. The Baxter and Cramton hose companies having always rendered good service at fires, I think it the duty of the Trustees to assist them in defraying their expenses of rent, fuel, &c., by an appropriation from the Village treasury. I wish to return my thanks to those who have been my assistants, for the many duties which they have performed and their kindness toward me. Also to all the officers and members of the Department, for their willingness to obey all orders, and the promptness that has been shown by them during the past year.

W. C. LANDON,

Chief Engineer Rutland Fire Department.

Rutland, 20th April, 1881.
